PREFACE

Regular monitoring and evaluation of Health Programmes and in order to have an overview of the development taking place in the field of Health and related areas, data base support plays an important role for planners, decision-makers and health administrators.

To achieve the above objectives, the **Rural Health Training Centre (RHTC) Najafgarh** has been making constant endeavour by making data available in the most comprehensive manner and provides key information on almost all aspects of Health and related fields.

COVERAGE OF DATA

To provide an overview of Health situation in rural area the annual report covers data on important aspect like medical & paramedical education, health manpower, medical care facilities, community health services, public health statistics encompassing various National Health Programmes, performance of extended programmes of immunization.

SOURCE OF INFORMATION

The data depicted in this report have been derived from three Primary Health Centres namely PHC Najafgarh, PHC Palam & PHC Ujwa; Administrative Office of RHTC Najafgarh; ANM School; ANM Hostel and other agencies whom the operational space have been given to them such as DOTs, ICTC, Malaria Department, Skin /VD clinic through Mobile team by Safdarjung hospital and NGO Richmond Fellowship Society (India) etc..

We welcome any suggestion / comments for improving the content and layout of this annual report.

RURAL HEALTH TRAINING CENTRE NAJAFGARH, NEW DELHI

INTRODUCTION

Rural Health Training Centre, Najafgarh, New Delhi was set up as health unit in 1937 with the financial support and guidance of Rockefeller Foundation at Najafgarh to cover an area of about 162 sq. miles having a population of 44,000 scattered over 35 villages for rendering primary health care services through dispensary and team of Para-medical staff. After the adoption of Bhore Committee, the unit was upgraded to a Primary Health Centre, inaugurated by **Hon'ble Health Minister Dr. Raj Kumari Amrit Kaur, on dated 06-03-1949**. It was re-organized in 1954 to carry out the functions of an Orientation Training Centre on regional basis to train the Rural Health Workers for shouldering greater responsibilities in the community development programs. The activities of the centre were further expanded with the addition of two more Primary Health Centres at Ujwa (1955) and Palam (1957). The centre was reorganized as Rural Health Training Centre, Najafgarh in 1960, under the administrative control of Directorate General of Health Services (DGHS), Govt. of India.

In 1961 a decision was taken at the level of Directorate General of Health Services, Govt. of India to declare PHC, Najafgarh as a centre for imparting community health training for Medical Interns of Lady Hardinge Medical College under Rural Orientation of Medical Education (ROME) Scheme.

In 1965, another health program of School Health was launched at Najafgarh. Subsequently other centrally sponsored schemes under National Health Programs like National Vector Borne Diseases Control Program, Revised National TB Control Programme, National Diabetes Control program (NDCP), National Program for Control of Blindness (NPCB) and so on were launched at Najafgarh.

In 1978, it was declared National Scientific Institute. In 1981 a Post Partum Unit under All India Hospital Post Partum Program was set up with the assistance of Family Welfare Department. To strengthen the Rural Health services, an ANM School was started in 1985 for the course MPFW.ANM (10+2) vocational Course started in 1991 recognised by CBSE and diploma in ANM started in 2012 recognised by Delhi Nursing Council.

The main Administrative Block situated at RHTC Najafgarh controls overall activities of all three PHCs & their Sub-Centre along with ANM School. Director RHTC Najafgarh holds the Administrative control under the able guidance of Ministry of Health & Family Welfare. A new Administrative building is almost ready to shift. The overall activities of PHCs managed by Medical Officer In-Charge under the Guidance of Director RHTC.

The population of the Najafgarh Block, situated on South West of Delhi, at present is approximately 1.05 million. The registered population with the Rural Health Training Centre, Najafgarh is approximately 500,000. Rural Health Training Centre, Najafgarh, PHCs of Najafgarh, Palam and Ujwa and 16 sub centres is spread over an area of 432.6 Sq. kms covering 73 villages.

THE MAJOR ACTIVITIES OF RHTC NAJAFGARH ARE AS FOLLOWS

1. **TRAINING:**

- Training to Medical Interns under ROME Scheme. 794 unpaid Medical Interns undergone rural posting from this Centre the in year 2017-18.
- Training for **Certificate course** in ANM 10+2 (Voc.) Students with intake capacity of 20 students per academic session under CBSE up to 2011.
- Training to **Diploma in ANM** for 10+2 Students with intake capacity of 40 students per academic session under DNC w.e.f 2012.
- Community Health Nursing Training to BSc/MSc/GNM students of various Nursing Institutions like College of Nursing, Safdarjung Hospital, RML Hospital, Lady Hardinge Medical College, Holy Family Hospital, Batra Hospital, Apollo Hospital, Raj Kumari Amrit Kaur college of nursing and various other Govt./State Govt./Pvt. institutions. In total 2116 trainees were trained during the year 2017-18
- Promotional Training to Nursing Personnel.
- One Day Observation Visit.
- Rural Training to students of Diploma in Sanitary Inspector from various institutions of Delhi. 200 students were given training in the year 2017-18.

2. **FIELD STUDIES:**

Conducts field studies aspects of Health & Family Welfare, RCH, Nutrition, Health Education and Communicable Diseases and also provides field services for research work to the various health institutions, i.e. NIHA, AIIMS & RAK PG Students in public health.

3. **DELIVERY OF HEALTH CARE SERVICES:**

Providing Primary Health Care, Preventive, Promotive and Curative Services to the low socio-economic group of people of 64 villages and 9 town of Najafgarh area through its three Primary Health Centres and 16 Sub-Centres (which includes 9 Physical & 7 Notional SCs) including 24x7 Emergency Services in PHC Najafgarh.

4. **ANM SCHOOL:**

Established in 1985 with 20 & 10 students in take alternate years as MPWF (Multi Purpose Worker Female) recognised with Punjab Nursing Council, managed in two rooms & one Auditorium & duration of Course was two year including six month internship training.

In 1991 above course was renamed as ANM 10+2 (Vocational) courses under CBSE & Indian Nursing Council with 20 students capacity every years. Started with 5 compulsory subjects such as Community Health Nursing, Fundamental Health Nursing, Maternal & Child Health Nursing, English, Sociology and one optional subject Hindi along with 3 internal subjects Physical Health Education, Economics and Science (Biology, Chemistry & Physics).

A new building was inaugurated on 21st Dec. 2001 by the then **Hon'ble Health Minister, Dr. C.P.Thakur Padam Shree** in the presence of **Hon'ble Member of Parliament Dr. Sahib Singh Verma**. It consists of 8 rooms (Staff Rooms (2), Nutritional Lab (1), PNO Room (1), Class rooms (2), Community Lab / AV Aids(1), Mid-wifery Lab (1) on ground floor)& 3 rooms on 1st Floor (Library, and Fundamentals of Nursing Lab & Sr. Sanitary Inspector Rooms).

From 2012 onwards **Delhi Nursing Council** started two years Diploma in ANM, after 10+2. Selection for admission to Diploma in ANM occurs through combined competitive examination along with Lady Reading Health School, Bara Hindu Rao, Delhi. Total 80 students (40 for ANM School RHTC & 40 for Lady Reading Health School) selected every year. After completion of Two years course (including internship) **Delhi Nursing Council** provides **Diploma in ANM** for successful candidates.

5. **ANM HOSTEL:**

ANM Hostel was established in 1985 with a building of 7 rooms, 1 kitchen with store, 1 Dining / Recreation room, 6 bath rooms, 5 washrooms & 1 wash room for male staff. It had a capacity of 30 students to accommodate. Staffing pattern were One In-Charge(PHN Sr.) who was residing in the campus, One Warden came in 1989, one cook and six domestic staff.

ANM Hostel renovated in 1991 when the course was recognised with CBSE guidelines. A capacity of 40 students started (20 in 1st year & 20 in 2nd Year).

Further modified in 2012 with the extension of six rooms, five washrooms attached bath rooms, six ordinary washrooms and three bath rooms. 26 Book Shelves iron, 40 chairs wooden, 88 Mattress, 15 lockers, 12 wooden Tables, 15 wooden racks, 15 steel racks with 2 water coolers with RO facility. Each room is furnished with curtains. One LED Television & CCTV camera at main gate is installed in the Hostel. A total in take of 80 students (40 in 1st year & 40 in 2nd Year) accommodated in ANM Hostel. Hostel is compulsory for all ANM students taking admission at ANM School RHTC Najafgarh (**As per guidelines of DNC**).

Psychiatric Clinic at PHC Najafgarh.

This unit is being run by Richmond Fellowship Society (India), NGO at PHC Najafgarh on **every Thursday** with a team of Senior Psychiatrist Dr. Satyawati along with two counsellors. The facilities are run based on the Therapeutic community model as a rehabilitative effort for people suffering from mental illness. Services offered by the RFS India include Short & Long Stay Homes, Day Care and Vocational training. Outreach programmes are also conducted for mentally ill to provide free diagnosis and treatment for mentally and emotionally disturbed persons: to create public awareness about mental health problems & removing stigma; and to collaborate and network with other organizations having similar objectives. In 2016, RFS (India) celebrated 30 years of services in India. A national Conference was organized in September 2016 at AIIMS, New Delhi to share experiences and reflect on empowering people with mental health needs.

The Delhi branch of the RFS “Vishwas” has been partnering with PHC Najafgarh from 2008 initially through a grant from WHO for the two years and then continuing the service regularly one a week OPD.

The following table shows the record of patients in the outreach clinic, PHC Najafgarh, benefitted from the service through counselling, free medicine and follow up. The most problems diagnosed were depression, anxiety, BPAD, OCD, schizophrenia and alcoholism.

SERVICES PROVIDED & ACTIVITIES CONDUCTED BY DEPARTMENT OF COMMUNITY MEDICINE, VMMC & SAFDARJUNG HOSPITAL AT RHTC NAJAFGARH

Rural Health Training Centre, Najafgarh

Rural Health Training Centre (RHTC), Najafgarh is located at a distance of 35 km. from VMMC and it caters to a population of 1, 60,000.

Services provided

1. Training of Interns & Externs
2. OPD services: General OPD, Orthopaedics OPD, Paediatrics OPD, Ophthalmology OPD, Gynaecology OPD, Dermatology OPD.
3. Non-communicable disease clinic.
4. Maternal + child health clinic.
5. Growth monitoring of under-five children.
6. Immunization clinic.
7. Ante-natal clinic
8. Health education and counselling.
9. Health talks by interns and MD students.
10. School health.

New Services Established

NCD Clinic (Non-Communicable Disease Clinic)

We have extended our services in the field of Non Communicable disease by setting up a New Clinic exclusively for Screening and treatment of NCDs. It was inaugurated by additional district magistrate of that region on 23.02.2018. Regular monitoring of blood pressure and capillary blood glucose of patients with hypertension and/or diabetes mellitus is being done at the NCD clinic daily. Counselling for lifestyle modification is done for every patient. Opportunistic screening for hypertension, diabetes mellitus, oral cancer and breast cancer at the NCD clinic in the centre among all individuals 30 years of age or more attending the RHTC, in accordance with NPCDCS guidelines, is being carried out daily.

Weekly Yoga sessions

With help of a local yoga teacher, we started weekly yoga sessions at RHTC, Najafgarh for patients visiting OPDs, keeping in view the idea of holistic health.

FIELD PRACTICING AREA AND OUTREACH ACTIVITIES

Following are the area we consider to practice outreach activities –

1. Laxmi Nagar
2. Mitraon
3. Roshanpura
4. Chhawla
5. Dichaon Enclave
6. Prem Nagar
7. Dichaon Kalan.

Activities conducted in field practice areas

Health cum immunization camp at slum Laxmi Nagar.

Well baby show at Mitraon to promote awareness about nutritional status of under-5 children in community.

Health camp cum awareness campaign on family planning to promote reproductive health at Roshanpura.

NCD awareness cum screening camp at Chhawla sub-centre Najafgarh, Delhi.

Adopting Village Digupura

Digupura is a small village located about 4 kms from RHTC, Najafgarh, with 705 residents. Collaborating with the ANM Smt. Neelam Sharma & ASHA worker, Shakuntala ji, we have conducted a baseline demographic survey. While the immunization coverage is close to 95%, there are still 25% home deliveries. Data also indicates that there is a hidden burden of NCDs. Based on survey findings, the deficiencies were identified and the population was sensitized about substance use disorders, importance of immunization and other relevant topics. Further activities including screening for non-communicable diseases are planned for coming near future.

HEALTH CAMPS FOR UNDER PRIVELEGED CHILDREN

With logistic and drug support from RHTC, Najafgarh, residents of VMMC conducted health camps in The Sweet Home Children's Village and in Wal Asr Imamia Trust (WAIT) Home for orphan boys.

The Sweet Home Children's Village is run by an NGO where orphaned girls and children from broken families are residing. We conducted monthly health check-ups for the 70 or so children living there and educated them on good health and hygiene practices. Anaemia, refractive errors, scabies and URTI are the most common illnesses we encountered there.

The WAIT Home for Orphan boys takes care of the residence, education and development of 31 boys from broken families. We conducted monthly health check up of the children and inspected their premises. We also gave health education about personal hygiene, hand washing and cough etiquettes.

School health component

Our team did a preventive health check-up of students of Govt. Girls Senior Secondary School of Najafgarh for all the students of class 9th to 12th.

We also conducted a sensitization programme on “Health assessment of school children by school teachers” in the same Govt. school for teachers.

SPECIAL ACTIVITIES DONE IN 2018

1. SYMPOSIUM

- Imparting skills to tackle adolescent health problems.
- Non-communicable diseases.
